Título: Structural analysis of historical constructions II : possibilities of numerical and experimental technique :
[transcription of the lectures presented at the International Seminar on Structural Analysis of Historical
Constructions] edited by P. Roca ... [et al.]

Editorial: Barcelona International Center for Numerical Methods in Engineering 1998

Descripción física: 354 p

Mención de serie: Theory and engineering applications of computational methods

ISBN: 84-89925-26-7

Materia: Estructuras, Ingeniería de Estructuras- Diseño- Congresos y asambleas
