

Synthesizing research on language learning and teaching [

Norris, John Michael

Ortega, Lourdes

John Benjamins Pub.,

c2006

Monografía

This volume presents the first collection of work on research synthesis in applied linguistics. It introduces readers to a cutting-edge approach for reviewing and summarizing exactly what accumulated research has to say about theoretical and practical subjects. John Norris and Lourdes Ortega first elucidate the value and practice of synthesis, and they challenge all members of the research community to adopt a "synthetic ethic". The book then features seven empirical syntheses, each modeling rigorous synthetic practice in definitively reviewing the state of knowledge and research quality in
