Título: Tropical geometry and mirror symmetry Mark Gross

Editorial: Providence American Mathematical Society cop. 2011

Descripción física: XVI, 317 p. 24 cm

Mención de serie: Conference board of the Mathematical sciences. Regional conference series in mathematics 114

Contenido: Índice de contenidos: The topics -- The A- and B- models -- Log geometry -- Mikhalkin's curve counting formula -- Period integrals -- The program and two-dimensional results.

ISBN: 978-0-8218-5232-3

Materia: Simetría (Matemáticas) Geometría
