Erdman, Harley
Wolpé, Sholeh (Wolpé, Sholeh (Wolpé, Sholeh (1962-)
De García, Susan Paun

Tamesis,
2015

Monografía

This volume brings together twenty-six essays from the world's leading scholars and practitioners of Spanish Golden Age theatre. Examining the startlingly wide variety of ways that Spanish comedias have been adapted, re-envisioned, and reinvented, the book makes the case that adaptation is a crucial lens for understanding the performance history of the genre. The essays cover a wide range of topics, from the early stage history of the comedia through numerous modern and contemporary case studies, as well as the transformation of the comedia into other dramatic genres, such as films, musicals, puppetry, and opera. The essays themselves are brief and accessible to non-specialists. This book will appeal not only to Golden Age scholars and students but also to theater practitioners, as well as to anyone interested in the theory and practice of adaptation
