

Map scripting 101 [an example-driven guide to building interactive maps with Bing, Yahoo!, and Google Maps /

DuVander, Adam

No Starch Press,
c2010

Monografía

"Websites like MapQuest and Google Maps have transformed the way we think about maps. But these services do more than offer driving directions, they provide APIs that web developers can use to build highly customized map-based applications. The author, Adam DuVander, delivers 73 useful scripts, examples that will show you how to create interactive maps and mashups."--[book cover]
