

## Personhood [ an Examination of the History and Use of an Anthropological Concept

Appell-Warren, Laura

The Edwin Mellen Press,  
2014

Monografía

""A comprehensive analysis of how the concept of personhood has been used by anthropologists and how it should be used in the future ... This book is a very valuable contribution to the study of the history of anthropological thought, as well as a tremendously useful guide for scholars and students who want to use the concept of personhood analytically in their own work.""--Professor Venessa Fong, Associate Professor Anthropology, Amherst College, Massachusetts
