Electronic books

Monografía

This latest version of Photoshop has a few new tricks up its sleeve and Adobe Photoshop CS4 For Dummies will teach you how to use them. From the basics like getting your images into and out of Photoshop to enhancing, cropping, and color correction, it's all here! You'll get all of the basics of digital images and master the importing and exporting of images. You'll find out how to create easy enhancements like adding shadows and highlights and making color natural, in addition to learning how to use the Adobe camera raw plug-in. Before you know it, you'll be making beautiful "art" wit
