Monografía

"The recent deaths of four long-term heads of state in the Arab world heralded important changes, as political power passed from one generation to the next. Shedding light on these changes, Arab Elites explores the attitudes and political agendas of the emerging new leadership throughout the region." "A strong analytical framework informs the authors' discussion of elites in Algeria, Egypt, Jordan, Lebanon, Morocco, the Palestinian National Authority, Saudi Arabia, Syria, and Tunisia. The result is a portrait of the current state, and likely future, of politics in the Arab Middle East."--Jacket
