Monografía

A sequel to *A Portrait in Letters: Correspondence to and about Joseph Conrad* (Rodopi, 1995), this volume collects and annotates letters to Joseph Conrad by his family, friends, admirers, and publishers. An indispensable companion to the writer's own letters, it restores the quality of exchange, interaction, and debate that belongs to a major correspondence. It also leads to a fuller, more rounded picture of Conrad in his personal and professional dealings: both of the mutualities and rituals that underpinned his close friendships and of the terms underlying his mutual disagreements with others
