This publication brings together material on the Bolivian Emergency Social Fund (ESF). The report is divided into five main parts: part one presents an introduction to the material and the story of the ESF; part two contains a review of the many evaluations of the ESF; part three presents three issues brought up by the ESF experience, namely procurement, collaboration with non-governmental organizations, and responding to local demands; part four looks at options after the ESF, including a look at its successor; and part five contains a summary of achievements, and recommendations for replication
