Título: Atlas of galaxies useful for measuring the cosmological distance scale Allan Sandage and Department of Physics and Astronomy of The Johns Hopkins University and John Bedke

Editorial: Washington, D.C. National Aeronautics and Space Administration. Scientific and Technical Information Office 1988

Descripción física: VII, 13 p., 87 p. de lam. 50 cm

Mención de serie: NASA SP 496

Materia: Galaxias Atlas

Autores: Bedke, John

Entidades: Johns Hopkins University (Baltimore, Maryland). Department of Physics and Astronomy Estados Unidos. National Aeronautics and Space Administration

Punto acceso adicional serie-Título: NASA SP 496
