Título: A method for calculating the generalized aerodynamic forces on rectangular wings deforming symmetrically in supersonic flight with indicial or sinusoidal time dependence by Reuben Bond [and others]

Editorial: Washington, D.C. National Aeronautics and Space Administration [For sale by the Office of Technical Services, Dept. of Commerce] [1962]

Descripción física: 1 online resource (72 pages) illustrations

Mención de serie: NASA technical note NASA TN D-1206

Bibliografía: Includes bibliographical references

Materia: Aerodynamics Fluid mechanics Aerodynamics Fluid mechanics Aerodynamics, aircraft Aerodynamics, missiles and space vehicles Fluid mechanics Stresses and loads

Autores: Bond, Rueben

Entidades: Estados Unidos. National Aeronautics and Space Administration
