

John Dee's Natural Philosophy : Between Science and Religion

Clulee, Nicholas

Taylor and Francis,
2013

Electronic books

Monografía

This is the definitive study of John Dee and his intellectual career. Originally published in 1988, this interpretation is far more detailed than any that came before and is an authoritative account for anyone interested in the history, literature and scientific developments of the Renaissance, or the occult. John Dee has fascinated successive generations. Mathematician, scientist, astrologer and magus at the court of Elizabeth I, he still provokes controversy. To some he is the genius whose contributions to navigation made possible the feats of Elizabethan explorers and colonists, to
