Soft computing has provided sophisticated methodologies for the development of intelligent decision support systems. Fast advances in soft computing technologies, such as fuzzy logic and systems, artificial neural networks and evolutionary computation, have made available powerful problem representation and modelling paradigms, and learning and optimisation mechanisms for addressing modern decision making issues. This book provides a comprehensive coverage of up-to-date conceptual frameworks in broadly perceived decision support systems and successful applications. Different from other existing books, this volume predominately focuses on applied decision support with soft computing. Areas covered include planning, management finance and administration in both the private and public sectors

Título: Applied Decision Support with Soft Computing [Recurso electrónico] edited by Xinghuo Yu

Edición: 1st ed. 2003

Editorial: Berlin, Heidelberg Springer Berlin Heidelberg 2003

Descripción física: X, 418 p. 129 il

Mención de serie: Studies in fuzziness and soft computing 124 Studies in Fuzziness and Soft Computing 124

Bibliografía: Bibliografía

ISBN: 9783540370086 9783642535345 9783540024910 9783642535338

Materia: Sistemas de ayuda a la decisión

Autores: Yu, Xinghuo, ed. lit
