Electronic books

Monografía

'Conservation: Principles, Dilemmas, and Uncomfortable Truths' presents multi-perspective critical analyses of the ethics and principles that guide the conservation of works of art and design, archaeological artefacts, buildings, monuments, and heritage sites on behalf of society. Contributors from the fields of philosophy, sociology, history, art and design history, museology, conservation, architecture, and planning and public policy address a wide range of conservation principles, practices, and theories from the US, Canada, Europe, Australia and New Zealand, encouraging the reader to ma
