

## Critical pedagogy and social change [ critical analysis on the language of possibility /

Cho, Seehwa.

aut

Routledge,

2013

Electronic books

Monografía

At its core, the main goal of critical pedagogy is deceptively simple-to construct schools and education as agents of change. While noble and ambitious, it is not always realistic in a climate of increased commodification, privatization of schooling, and canned curriculum. By assuming rather than articulating its own possibilities, critical pedagogy literature itself is often its own worst enemy in its call for transformation
