Monografía

No nation has maintained such an immense stature in world politics as the United States has since the Cold War's end. In the wake of the 9/11 attacks, prompting the global war on terrorism and the U.S. invasion of Afghanistan and Iraq, along with American economic and "'soft power'" primacy, there has been increased interest in and scrutiny of American foreign policy. The Routledge Handbook of American Foreign Policy brings together leading experts in the field to examine current trends in the way scholars study the history and theories of American conduct in the world, analysis of
