International dispute settlement plays a fundamental role in maintaining the fabric of the international legal order, reflecting the desire of States, and increasingly non-State actors, to resolve their differences through international dispute procedures and other legal mechanisms. This edited collection focuses upon the growth and complexity of such legal methods, which includes judicial settlement (courts and tribunals), arbitration and other legal (or what might be termed 'extra-legal') means (international organisations, committees, inspection panels, and ombudsmen). In this important col
