

Partial differential equations and functional analysis : the Philippe Clément festschrift /

Clément, Philippe (1943-)

Koelink, Erik (1964-)

Birkhäuser Verlag, 2006

Festschrift

Electronic books

Conference papers and proceedings

Monografía

Capturing the interplay between partial differential equations, functional analysis, maximal regularity, and probability theory, this volume was initiated at the Delft conference on the occasion of the retirement of Philippe Clément. It is of interest to researchers in PDEs and functional analysis

Título: Partial differential equations and functional analysis the Philippe Clément festschrift Erik Koelink [and others], editors

Editorial: Basel Boston Birkhäuser Verlag 2006

Descripción física: 1 online resource (vi, 294 pages) illustrations

Tipo Audiovisual: Clément Partial differential equations Functional analysis

Mención de serie: Operator theory, advances and applications v. 168

Documento fuente: Springer e-books

Bibliografía: Includes bibliographical references
