

Analytics, policy, and governance /

Bachner, Jennifer (1983-)
Ginsberg, Benjamin,
Hill, Kathryn Wagner,
Yale University Press,
[2017]
Monografía

The first available textbook on the rapidly growing and increasingly important field of government analytics. This first textbook on the increasingly important field of government analytics provides invaluable knowledge and training for students of government in the synthesis, interpretation, and communication of "big data," which is now an integral part of governance and policy making. Integrating all the major components of this rapidly growing field, this invaluable text explores the intricate relationship of data analytics to governance while providing innovative strategies for the retrieval and management of information.
