A detailed look at the technical pattern simply referred to today as the Gartley Pattern Gartley patterns are based on the work of H.M. Gartley, a prominent technical analyst best known for a particular retracement pattern that bears his name. In recent years, Gartley patterns-which reflect the underlying psychology of fear and greed in the markets-have received renewed interest. This definitive guide skillfully explains how to utilize the proven methods of H.M. Gartley to capture consistent profits in the financial markets. Page by page, you'll become familiar with Gartley's origin
