

Doubtful and dangerous [the question of succession in late Elizabethan England /

Doran, Susan
Kewes, Paulina,

Manchester University Press,
2014

Monografía

This title examines the pivotal influence of the succession question on the politics, religion and culture of the post-Armada years of Queen Elizabeth's reign. Although the earlier Elizabethan succession controversy has long captured the interest of historians and literary scholars, the later period has suffered from relative obscurity. This book remedies this situation. Taking a thematic and interdisciplinary approach, individual chapters demonstrate that key late Elizabethan texts - literary, political and polemical - cannot be understood without reference to the succession
