

The myth of equality [uncovering the roots of injustice and privilege /

Wytsma, Ken

IVP Books, an imprint of InterVarsity Press,
2019

Monografía

It's clear that issues of race and equality have come to the forefront in our nation's consciousness. Every week yet another incident involving racial tension splashes across headlines and dominates our news feeds. But it's not easy to unpack the origins of these tensions, and perhaps we wonder whether any of these issues really has anything to do with us. Ken Wytsma, founder of the Justice Conference, understands these questions. He has gone through his own journey of understanding the underpinnings of inequality and privilege. In this timely, insightful book Wytsma unpacks what we need to know to be grounded in conversations about today's race-related issues. And he helps us come to a deeper understanding of both the origins of these issues and the reconciling role we are called to play as witnesses of the gospel. Inequality and privilege are real. The Myth of Equality opens our eyes to realities we may have never realized were present in our society and world. And we will be changed for the better as a result. - from publisher
