

Computer Science Curricula 2013 (CS2013) [

Stanford University, 2013-12-20

Instructional Material -- Curriculum Reference Material -- Report

Material Mixto

This final report, compiled by the Association for Computing Machinery (ACM) and IEEE Computer Society's Joint Task Force on Computing Curricula, presents guidelines for undergraduate programs in computer science. The report is a revision of previous guidelines from these organizations, and focuses on existing programs and courses to provide examples for administrators and educators. The 518 page report is available in PDF format. The site also includes previous curriculum documents from 2001 and 2008, as well as drafts of the 2013 report and a spreadsheet of core learning outcomes in the discipline
