

## Monocotyledons

/

Eggl, Urs  
Nyffeler, Reto

Springer,  
2020

Electronic books

Monografía

This second edition provides a comprehensive list of the latest taxonomy including the updated relevant plant data. All succulent species of the monocotyledonous plant families and genera are described in detail. This work will be particularly useful to botanists, plant taxonomists and scholars as well as to herbaria and botanic gardens. It will also appeal to the committed collector of succulent plants, horticultural cognoscenti and succulent plant lovers. --
