

The dissolution of place : architecture, identity, and the body /

Waldrep, Shelton.,
author

Routledge,
2016

Monografía

The book examines in detail not only a wide range of architectural phenomena such as theme parks, casinos, specific modernist and postmodernist buildings, but also interrogates architecture in relation to identity, specifically Native American and gay male identities, as they are reflected in new notions of the built environment. The book examines in detail not only a wide range of architectural phenomena such as theme parks, casinos, specific modernist and postmodernist buildings, but also interrogates architecture in relation to identity, specifically Native American and gay male identities,
