**Título:** Introduction to Calculus and Analysis Recurso electrónico] by Richard Courant, Fritz John

**Editorial:** Berlin, Heidelberg Springer Berlin Heidelberg Imprint: Springer 1999

**Descripción física:** XXIII, 661 p. 184 illus. online resource

**Tipo Audiovisual:** Functions, special Mathematics Real Functions Special Functions

**Mención de serie:** Classics in Mathematics 1431-0821

**Contenido:** Introduction -- The Fundamental Ideas of the Integral and Differential Calculus -- The Techniques of Calculus -- Applications in Physics and Geometry -- Taylor's Expansion -- Numerical Methods -- Infinite Sums and Products -- Trigonometric Series -- Differential Equations for the Simplest Types of Vibration -- List of Bibliographical Dates -- Index

**ISBN:** 9783642586040 978-3-642-58604-0

**Autores:** John, Fritz, author

**Entidades:** SpringerLink (Online service)

**Punto acceso adicional serie-Título:** Classics in Mathematics 1431-0821
