Título: History of Continued Fractions and Padé Approximants Recurso electrónico] by Claude Brezinski

Editorial: Berlin, Heidelberg Springer Berlin Heidelberg Imprint: Springer 1991

Descripción física: VIII, 554 p. online resource

Tipo Audiovisual: Analysis Global analysis (Mathematics) Mathematics Number Theory Number theory Numerical Analysis Numerical analysis

Mención de serie: Springer Series in Computational Mathematics 0179-3632 12

ISBN: 9783642581694 978-3-642-58169-4

Entidades: SpringerLink (Online service)

Punto acceso adicional serie-Título: Springer series in computational mathematics 0179-3632 12
