Monografía

This book brings together the letters that eight college-age students, three from Dartmouth College (Lucas Joshi, Rachel Kent, and Naren Radhakrishan) and five from the University of Deusto (Pablo Bellido, Paula del Barrio, Zuriñe Iglesias, Unai Murua, and Naiara Nájera) exchanged over email and videoconferencing from March to December 2020. This initiative was made possible thanks to the collaboration between two faculty members and colleagues. Annabel Martín (Dartmouth College) and María Pilar Rodríguez (University of Deusto) when they introduced their students to each other in the context of a seminar being taught at Dartmouth College on the postETA context. The letters focus on the broad theme of political violence and the challenges that both Basque and US society face regarding coexistence and the idea of community. The letters dwell upon the world these young adults are inheriting, on social engagement in their respective communities, and on their personal experiences when facing these challenges
