Analítica

Going on the basic economical aims of political and intellectual "asturiano" about de private property and its limits, the rustic lettings, the pay policy and public debt, Flórez Estrada proposals, introduced as the alterntive to Mendizábal's desamortizadora legislation, are analysed hear. His posement shows very discussable aspects such as: the way for the asignation of lands in enfiteusis, the determination of the benficiaries and the procedure for the whole plan ejecution. The weak points of the project caused that, already then, that plan was considered from the liberal files less achievable and effective than Mendizábal's law
