

Activismo ambiental en los Pedregales de Coyoacán (México) [

2020

text (article)

Analítica

This paper analyzes the implications of urban environmental activism. The consequences of environmental deterioration may have a direct relation with the emergence of social protest in contemporary cities. This paper uses qualitative methodology to study the case of the General Assembly of Peoples, Neighborhoods, Communities, and "Pedregales" (Rocky Grounds) of Coyoacán, Mexico. Urban environmental activism transforms the meaning of citizenship and territory, contributing to the construction of alternatives that generate expectations of environmental justice
