

Acuerdos internacionales en materia de inversión: las implicancias para la soberanía nacional [

Universidad Viña del Mar,
2008

text (article)

Analítica

The article approaches the way how the exercise of the States sovereignty can be affected by the signature of international agreements on investment. Distinguishing the application of the national law respect to the international law, the author reviews the basic concepts to understand the relation between sovereignty and international agreements. For it, the diverse forms in commercial agreements are analyzed, stopping in international treaties subscribed by Chile and in the different effects that each one of them generates on its regulatory powers
