

## Amarillo, azul y roto. Arte y crisis en los años 90 en Ecuador [

2019

text (article)

Analítica

This essay discusses the curatorial proposal of the exhibition Amarillo, Azul y Roto. Años 90: arte y crisis en Ecuador. After a brief historical account to understand the contextual issues regarding politics and economics during the 90s in Ecuador, we present the thematic relationships between the various artistic practices as political artistic positions facing the crisis. Finally we evaluate the importance of historicizing Ecuadorian art and the absence of public collections for contemporary art in the country.
