

Armonización del derecho comercial nacional e internacional a partir de la incorporación de los principios de UNIDROIT en el ordenamiento colombiano. [

2019

text (article)

Analítica

The purpose of this paper is to determine the current state of harmonization of the international and national commercial law. To do this, a review of national, international and foreign norms, bibliography and jurisprudence was carried out, and it was concluded that the Principles of UNIDROIT in the Colombian commercial regime can be considered as general principles of the law, considering their nature and functions which enable the defragmentation of law for the exercise of international trade
