

El carácter social del concepto paradigma en la perspectiva epistemológica de Thomas Kuhn [

2009

text (article)

Analítica

In this article it is rehearsed to stand out the social character of the paradigm conception elaborated by Thomas Kuhn (USA, 1922) that has been object of an intense debate reflected in the works of qualified authors that have approached the Kuhnian concept like study object. This notion mentions to theoretical and methodological questions anything despicable for the implications that have in the coherence, rigor, systematic and quality of the practice of social investigation
