

Poor Robin's spare hours, employ'd in calculating, a diary, or almanack, according to the new stile, for the meridian of all sexes; and for the year of Christian account 1755 : ... Fitted to the latitude of 40 degrees north; and a meridian of five hours west from London: but may, without much error, serve all the adjacent places, from Newfoundland to South-Carolina

Printed and sold by William Bradford at the corner of Front and Market-Street., [1754]
