The authors demystify the ABPP-CN board certification process and provide specific guidance, tips, recommendations, and direction for neuropsychologists ready to pursue the diplomate status through the ABCN. The book complements existing educational information about board certification, including materials provided through AACN workshops and the AACN Study Guide. All the authors hold ABCN diplomate status, having successfully navigated the process within the last five years, and are accomplished educators who have trained and mentored numerous colleagues, from graduate students and post-docto
