

Crises (mtaseis) and changes (metabolai) : athenian democracy in the making /

Sebastiani, Breno Battistin

Leão, Delfim Ferreira

Firenze University Press,
2022

Monografía

This book aims to build a solid and proper contribution to the contemporary global debate on the experience of democracy and its possibilities as the most effective mediator of a series of challenges, a debate that is necessarily rooted in the critical reassessment of its Greek cultural heritage. The book is articulated around the identification of a concrete problem: the need for studies that critically discuss Athenian democracy, seen as a daily problem and practice, based on its <i>staseis</i> (crises) and <i>metabolai</i> (changes), and whose solutions and strategies may still contribute to the reflection on the social, intellectual and ethical-political challenges of contemporary democracy.
