

Pentaho kettle solutions : building open source ETL solutions with Pentaho data integration /

Casters, Matt,
author

Monografía

"This practical book is a complete guide to installing, configuring, and managing Pentaho Kettle. If you're a database administrator or developer, you'll first get up to speed on Kettle basics and how to apply Kettle to create ETL solutions--before progressing to specialized concepts such as clustering, extensibility, and data vault models. Learn how to design and build every phase of an ETL solution"--Resource description page
