Analítica

This article considers those spaces that, despite their status as public institutios, can not be visited by the majority of citizens. Some of them contain pieces of art, especially paintings of considerable value; but its occupation by civic servants or politicians make them invisible to most people. The examples considered hee are some oil paintings by the local painter Félix Tobeñas Lafuente (Huesca 1868-1927) contained in the City Hall of Huesca and at the Instituto de Estudios Altoaragoneses
