

Aportes clínicos sartrianos III: método progresivo-regresivo [

2020

text (article)

Analítica

The text is oriented, via the phenomenological instruments allied to a Marxist perspective, in situating in the light of Sartre's work, a space for interrogating clinical practice. To this end, the analysis will focus on reconstituting the assumptions of an existential psychoanalysis and the progressive-regressive method of Lefebvrian inspiration in order to advocate, instead of a rupture, an essentially decisive background convergence
