

Fowler's zoo and wild animal medicine. Volume 8 /

Miller, R. Eric
Fowler, Murray E.

Elsevier,
2015

Monografía

Logically organized by taxonomic groups, this up-to-date text covers the diagnosis and treatment of all zoo animal species and free-ranging wildlife, including amphibians, reptiles, birds, mammals, and fish, unlikely to be seen by private practice veterinarians. Featuring full-color images, the consistent, user-friendly format supplies information on each animals biology, unique anatomy, special physiology, reproduction, restraint and handling, housing requirements, nutrition...
