

## Apuestas por la paz: Iniciativas con niños, niñas y jóvenes de Medellín [

Universidad Metropolitana,  
2014

text (article)

Analítica

This text realizes the results of the investigation called "Bets for Peace initiatives with children and young people of Medellín" held at the Line of Educational Environments Research Group Education and Pedagogy: Knowledge, Imaginary and Inter subjectivities, agreement CINDE-University of Manizales. This is a research, documentary, interested in characterizing 37 peace building experiences, in the type of entity that coordinates runtime scenario in which they are implemented, issues that develop, objectives pursued and methodological strategies that privilege, and approach their positive nucleus comprehensively from the perspective of Appreciative Inquiry. The initiatives are driven, in order, by NGOs, educational institutions and local government, seeking to legalize the standard form political subjects, transform practice, qualify coexistence, nonviolence position, develop critical awareness and reduce violence, for this methodological strategy used as recreational activities, sports and recreation, ownership and use of new technologies, processes led by training, performance art and musical expressions, psychosocial and events disarmament and demobilization. Likewise, unveiled three components of the positive nucleus: expanding the circle of ethics in a society of clans, the concrete Other principle of relationship and reconciliation as reborn by way of politics. It is concluded that the initiatives, some more strongly than others, to build peace bet as law and common horizon, claiming the search for justice and equity and establishing relationships based on respect and solidarity
