**Título:** Arrhythmias in adult congenital heart disease a case-based approach [edited by] Seshadri Balaji, Ravi Mandapati, Gary D. Webb

**Editorial:** St. Louis Mo. Elsevier [2019] 2019

**Descripción física:** 1 online resource (xiii, 177 pages) color illustrations

**Bibliografía:** Includes bibliographical references

**Contenido:** Sudden death risk in congenitally corrected transposition with ventricular dysfunction -- Complex transposition with risk of sudden death while awaiting transplant -- Atrial flutter in a repaired Tetralogy of Fallot patient with unusual venous anatomy -- Unrepaired primum atrial septal defect with atrial fibrillation and broad complex tachycardia -- Ebstein's Anomaly after tricuspid valve replacement needing pacemaker implantation -- Transposition with atrial switch and risk of sudden death -- Ebstein's anomaly with atrial tachycardia -- Resynchronization therapy and sudden death management in congenitally corrected transposition -- Post-Maze atrial tachycardia -- Fontan patient with brady and tachyarrhythmia issues -- Transposition with Mustard operation patient with risk of sudden death -- Complex congenital heart disease with brady-tachy syndrome and anti-tachycardia pacing -- Tetralogy of Fallot and Biventricular Heart Failure -- Transposition patient with Mustard's operation and brady-tachy issues -- A criss-cross heart with brady-tachy issues -- Repaired complete atrio-ventricular septal defect patient with late bradyarrhythmia -- Post Ventricular septal defect repair with bradyarrhythmias and sudden death -- Atrial fibrillation and thrombus in a patient with a Fontan circulation

**Materia:** Arrhythmia Congenital heart disease Arrhythmias, Cardiac- physiopathology. Arrhythmias, Cardiac-therapy. Arrhythmias, Cardiac- etiology. Heart Diseases- congenital. Heart Defects, Congenital- complications.

**Autores:** Balaji, Seshadri, editor Mandapati, Ravi, editor Webb, Gary D., editor
