

# "El Capital" y el keynesianismo monetario [

2018

text (article)

Analítica

If one considers the object of Capital as the development of economic categories, then its construction can be apprehended as the succession of various theoretical levels. Under this perspective, it is intended to show that this succession was not completed for the level reached in Capital and that the transition to the fundamental categories of a / Ökonomik / Keynesian-monetary economy is possible
