Material Projectable

A concert series featuring evenings of eclectic entertainment that celebrate the best of Broadway and New York City's cultural landscape, in the tradition of The Players, the historic club where the series is presented. Curated and hosted by Emmy Award winning composer/performer Lance Horne, Live From Gramercy Park is dedicated to presenting celebrated music, theater and cabaret stars as well as introducing dynamic rising talent from around the world. Visual heart cleaning, spontaneous collaboration, a solo bass, and a negligee. Alvin Ailey dancer and Broadway performer, KarinePlantadit, reflects on the "art form of loving." Her embodied poetry spins us through rhyming rhythms of love and life. In her unique French fashion, she spells out the secrets of overcoming one's own narcissism, encouraging us to dig for that which makes us alive while challenging us to give it to another
