

Anti-fracking protest finishes at Balcombe / panel discusses practice /

McGinty, Lawrence,
narrator

Filmed panel discussions.

Material Projectable

Lawrence McGinty brought local residents and an expert together, to discuss the controversial practice. Protesters at a camp near a potential fracking site in Balcombe today started packing up and returning home. But the issue - which is facing many communities across the UK - won't be going away. People in Lancashire were the first to feel the negative effects of fracking when earth tremors hit the coast in 2011
