The office is a disgraceful mess! Carol is on a mission to de-clutter the office to make sure it's cleaner, more motivating, safer and more secure. She implements a clean-desk policy that the team must adhere to. Some of the team members are attached to their clutter or personal items and don't want to let go. There is a battle of wills until Carol declares that according to her policy, anything left lying around will be thrown out or donated to Carlos the cleaner. Everyone reluctantly commences a massive clean up and Carol is very satisfied with the outcome
