Monografía

A Companion to Medieval Poetry presents a series of original essays from leading literary scholars that explore English poetry from the Anglo-Saxon period up to the 15th century. Organised into three parts to echo the chronological and stylistic divisions between the Anglo-Saxon, Middle English and Post-Chaucerian periods, each section is introduced with contextual essays, providing a valuable introduction to the society and culture of the time. Combines a general discussion of genres of medieval poetry, with specific consideration of texts and authors, inclu
