Analítica

This legal investigation is a legal systematization in public international law, based on the controversies between the State of Nicaragua and Colombia, derived from the colonialist processes, both in the United States of North America and Great Britain, legal hegemonies and military, who disputed the geo-strategic territory of the Nicaraguans, of Central America, as well as the maritime platform of the Atlantic Ocean, to sustain their Imperial capitalist power. Having an outcome in favor of the State of Nicaragua, starting with the Sandinista Popular Revolution on July 19, 1979, while Nicaragua becomes a State that respects international and diplomatic law, based on the defense of its sovereignty and legal self-determination. policy, whose synthesis for this controversy was the ruling of the International Court of Justice at the UN, on November 19, 2012. This article will rigorously explain the evolution from the very origin of the problem, which had an approach from the public international law, in the competent jurisdictional order to resolve it
